

Symposium on Space International Cooperation Promoting Economic and Social Development of Developing Country

November 25, 2016
Beijing, China

CALL FOR PAPERS

Organized by

China International Exchange Center for Astronautical Science and Technology
International Academy of Astronautics

China International Exchange Center for Astronautical Science and Technology and International Academy of Astronautics will jointly organize an international Symposium on Space International Cooperation Promoting Economic and Social Development of Developing Country. Officials and experts from governments, space industries, international organizations and other relating organizations will be invited to the Symposium.

The year of 2016 is the 60th anniversary of the establishment of Chinese space industry. Great achievements have been made by China in space technology and application. With the principle of peaceful use of outer space, China has established good cooperative relationship with many countries, especially developing countries, and has actively participated in international organizations. On this occasion, with the support of China National Space Administration (CNSA) and China Aerospace Science and Technology Corporation (CASC), IAA and China International Exchange Center for Astronautical Science and Technology will jointly organize an international Symposium on Space International Cooperation Promoting Economic and Social Development of Developing Country. Officials and experts from governments, space industries, international organizations and other relating organizations will be invited to the Symposium. A small photo/picture exhibition will also be held simultaneously.

THEME

Space International Cooperation Promoting Economic and Social Development of Developing Country

CONFERENCE VENUE

The Conference will be held in Beijing, China.

CONFERENCE LANGUAGE

English will be the working language of the Conference.

ORGANIZATION

Supporter:

China National Space Administration (CNSA),

China Aerospace Science and Technology Corporation (CASC)

Organizer:

China International Exchange Center for Astronautical Science and Technology,

International Academy of Astronautics (IAA)

Co-Organizer:

China Great Wall Industry Cooperation(CGWIC),

China Space News (CSN)

PAPERS

The paper deadline is September 30, 2016

Instructions for your paper: Your abstract in English should be typewritten in single-space, one column, and should not exceed 5000 words). Submissions should include paper in MSWord and PDF format. Authors are strongly encouraged to submit their electronic copies of abstract and reply form to the following e-mail address

conference (at) iaamail.org

The reply form can be downloaded from the Conference Web site

<http://economic.iaaweb.org/>

Acceptance of paper and the further information **will be sent at the end of October, 2016.**
