2nd IAA CONFERENCE ON DYNAMICS AND CONTROL OF SPACE SYSTEMS

March 24-26, 2014, Roma, Italy

With the cooperation of the American Astronautical Society (AAS)

CALL FOR PAPERS

The second in the series of events organized by the International Academy of Astronautics (IAA) with the cooperation of the American Astronautical Society (AAS) aiming to join specialists in dynamics and control of space systems will be held in Roma, Italy, on **March 24-26, 2014**.

Manuscripts will be accepted based on the quality of the extended abstract, the originality of the work and/or ideas, and the anticipated interest in the proposed subject. Submissions that are based on experimental results or current data, or report on ongoing missions, are especially encouraged.

COMPLETE MANUSCRIPTS ARE REQUIRED BEFORE THE CONFERENCE.

THE WORKING LANGUAGE FOR THE CONFERENCE IS ENGLISH.

SPECIAL SESSIONS

Proposals are being considered for suitable special sessions, such as topical panel discussions, invited sessions, workshops, mini-symposia, and technology demonstrations. A proposal for a panel discussion should include the session title, a brief description of the discussion topic(s), and a list of the speakers and their qualifications.

For an invited session, workshop, minisymposium, or demonstration, a proposal should include the session title, a brief description, and a list of proposed activities and/or invited speakers and paper titles. Prospective special session organizers should submit their proposals to the Conference Chairs.

INFORMATION FOR AUTHORS

The papers for the conference program will be selected basing on the quality of extended abstracts. The full paper has to be submitted before the conference, by March 10, 2014. Due to the large number of expected submissions we encourage authors to submit abstracts early. Notification of acceptance will be sent via email by January 15, 2014. Detailed author instructions will be sent by email following acceptance. By submitting an abstract, the author affirms that the manuscript's majority content has not been previously presented or published elsewhere.
