

## ANNEX I

### List of chairs & secretaries

Year	Chairman	Vice-Chairman	Secretary
1993/1997	Fred Ordway III	Jacques Villain	John Harlow
1997/1999	Jacques Villain	John Becklake	Christophe Rothmund
1999/2000	Georges James	Hervé Moulin	Kerrie Dougherty
2009/2011	Philippe Jung	Otfrid Liepack	Christophe Rothmund

Note: although the reform of the Academy called for temporary Study Groups, the historians managed to keep a good continuity of their activities, including a permanent History of Astronautics Symposium, as well as the highly-valued publication of the corresponding papers.

In this 2000-2009 period, coordinators were:

G. James & P. Jung (2004)

G. James, Y. Matogawa & C. Rothmund (2005)

M. Freeman, G. James & C. Rothmund (2006)

S. Dick, C. Rothmund & T. Springer (2007)

S. Dick, J. Harlow, C. Rothmund & I. Skoog (2008)

## ANNEX II

### History of Astronautics Symposium summary since 1994

Year	Nb sessions	Abstracts	Papers selected	Papers existing	Papers presented	Attendance
1994	2	22	18	14	15	45
1995	3	30	27	22	21	50
1996	3	39	28	24	22	51
1997	3	33	28	26	25	58
1998	3	28	28	25	19	44
1999	3	34	25	23	22	58

## ANNEX IV

### Anniversaries/commemorations

A special book was published in 2000 on the occasion of the IAF 50<sup>th</sup> anniversary.

A special book is planned to be published in 2010 for the IAA 50<sup>th</sup> anniversary, as well as other commemorations.

## ANNEX V

### Other activities

In 1998 a special visit of Woomera was organised.

In 1999 a special dinner with the participants to the first IAF congress in 1950 was organised.

In 2001 visits of the Congreve sites and Latécoère plant were organised in Toulouse. A teleconference was held with Arthur Clarke. Proposals for opening by Patrouille de France, a diaporama on French space history, and special inaugural historical pyrotechnics with Ruggieri/Lacroix were rejected.

In 2003, the History Committee organized the venue of Boris Chertok, including its participation in an special international press conference about German engineers who went abroad after WW II. A visit of Peenemünde also was organised.

A planned joint Current Event in 2004 with the Space Transportation Symposium on Canadian engineers who left the cancelled Arrow program for the Gemini program, eventually was held as an invited paper during the latter's symposium.

A planned Current Event on Sputnik in 2007 eventually was taken over by others.

A plan to establish a web site came to nothing.
